Schools for all the Talents

Name of policy	Homework Policy
Document owner	Mr J Brooke and Mrs B Farrell
Document issued/ last reviewed	Issued November 2013, last reviewed April 2020
Date for review	September/October 2020
Additional notes	Tim Fox to review policy
Number of pages	4

The Canterbury Academy Trust

The Canterbury Academy Trust recognises the importance of assigning meaningful and quality Homework to students. Research indicates that schools in which Homework is routinely assigned and assessed tend to have more highly achieving students. Homework fosters student achievement, independence, and responsibility and serves as a vital link between school and home.

The Canterbury Primary School

The Canterbury Primary School will aim to:

- Ensure that parents are clear about what their child is expected to do
- Ensure consistency of approach throughout the school
- Use homework as a tool to help continue to raise standards of attainment
- Improve the quality of the learning experience offered to students and to extend it beyond the classroom environment
- Provide opportunities for parents, children and the school to work together in partnership in relation to children's learning
- Encourage students and their parents to share and enjoy learning experiences
- Reinforce work covered in class by providing further opportunities for individual learning
- Practice or consolidate basic skills and knowledge, especially in numeracy And literacy
- Encourage children to develop the responsibility, confidence and self-discipline needed to study independently

Within the primary phase, topic themed homework is set in the first week of every term. It consists of a variety of curriculum based activities which will support and develop the students' understanding of the current class topic.

Students are given their homework in the form of a list of activities from which to choose to complete throughout the term. It is expected that at least one activity from the list is carried out each week, with literacy and numeracy based tasks underpinning everything they do.

Key Stage 2 will be given additional weekly homework, which will also be related to either their topic or current class work.

Every Friday the children will have the opportunity to share their completed homework with their class. At the end of each term, students' homework is marked, assessed and celebrated. Dojo points are awarded for completed work, and for great effort and points on Sims are allocated. The end of year report will recognise the regular completion and high level of homework produced.

The school celebrates homework from across the school with displays throughout the school.

Note: Referrals to pupils/students/child within the policy covers all young people within our care this may on occasions include students from other schools and in the community

The Canterbury Academy

The Canterbury Academy is dedicated to providing all students with meaningful and quality homework.

In Years 7, 8 and 9, homework is compulsory in maths, English, science, humanities and MFL. In foundation subjects it is accepted that the time spent and effort involved in participating in clubs, teams, rehearsals and events will be regarded as the equivalent of homework. Additional 'Love of Learning' homework, designed to foster the students' curiosity, is available for all subjects. In Years 10 and 11 homework is compulsory in all subjects and is designed to help your child progress and give them experience of examination style questions.

Tasks include:

- Repetition of classroom based concepts to consolidate learning
- Investigative and research/project based tasks
- Communication/ICT/essay type questions
- Examination questions
- Rehearsals/skills practise
- Assignment completion to a deadline
- Any other subject specific tasks
- Learning off by heart
- High order learning summative pieces to allow skills practise and extended writing

As a school, all teachers use Show My Homework for the setting of homework in each key stage. This allows teachers, students and parents to have a clear understanding of what homework the student has to do and when this is due in. By using Show My Homework, teachers remove barriers to homework for students and also allow parents to help their child. For each piece of homework set, the student will receive three push notifications: one when it is set, one the night before it is due in and one the morning that it is due in. Teachers will routinely use Show My Homework to set homework and also mark submission of homework.

We trust that parents will support the homework policy and provide a suitable environment for working, reminding students that this is their responsibility and that you will guide and assist when unusual difficulties arise.

As a secondary School we will:

- Ensure that staff set homework that is written in the student's planner with the due date
- Reinforce principles, skills, concepts, and information taught in each subject area
- Provide meaningful and appropriate homework that is matched to students' abilities
- Support creative, logical, critical and analytical thinking
- Foster self-discipline, self-motivation and time management
- Provide a homework club every lunchtime and afterschool in our Learning Resource Centre. (Please also see section on Homework Support)
- Ensure that homework is planned for in the SOW

Vocation and Society	Mrs S Osborne	ICT Business Social Sciences	sosborne@canterbury.kent.sch.uk

Homework Support Session

1. If a student misses a Homework deadline the teacher gives you a Homework Support Session and will inform the student when to attend the session in the LRC (Normally the next day). **It is a student's responsibility** to attend the session and ensure the Homework is completed. The teacher will record this in the students' planner. Once the referral is logged on the central system the teacher will leave the administrators to resolve or escalate the referral.
2. It is the students' responsibility to make sure they have the right details (sheets/book) to complete the late Homework.
3. If a student turns up to the Session and has completed the Homework since being set the Homework Support Session the student needs to show the staff and they will decide whether it is adequate. Otherwise the student should then complete the Homework to the best of their ability and hand in to the LRC once completed.
4. If the student fails to attend the Homework Support Session the student will receive a next-day sanction for failure to attend and parents will be informed.
